- 1 This is mercimek çorbası. It's my favourite Turkish soup. We have it for lunch with bread but my grandad sometimes has it for breakfast. The main ingredient is lentils but there are some onions and potatoes in it too. There aren't any tomatoes in it. That's good because I don't like tomatoes!
- 2 These are scones. They're a bit like small cakes. They're delicious. I sometimes help my dad make them. The main ingredients are flour, butter and sugar. There's also an egg too. Sometimes we put some raisins in them and sometimes we put some cheese. There isn't any sugar in the cheese ones!
- 3 This is California chicken. It's my favourite dinner. The main ingredient is chicken but there are some onions and peppers in it too. There is also some honey and some lemon juice. There aren't any carrots in it. I don't like carrots!
